Trip Report: Island Park Fish Out, October 15th – 19th

- Eight attendees enjoyed awesome company, fun fishing with some beautiful fish, and delicious food
- Weather sucked!
- Fishing was good at Hebgen with some premium fish
 - Fished the Madison arm of Hebgen Reservoir from the North shore on Thursday in chilly rain and intermittent wind
 - Fished Hebgen where Madison River and the South Fork of Madison come together Friday morning. Sunny and 22 to start the day ... with wind. Found nice Brownies and bows
 - Saturday, the weather took a break and so did the fish
- Fishing was poor at Henry's Lake, but received reports of great fishing the weeks before and after our trip
- Ladies chose shopping in Ennis over fishing one day, but ran into a blizzard
- Attendees enjoyed a delicious group dinner and margaritas at Cafe Sabour on the bank of Henry's Fork at Mack's Inn with cocktails later at Casa Schultz!
